

What If

Jessy

What if it's you that I want
You that I need
Tell me what I should do
So I can finally get my hands on you

I know you have just what it takes
To satisfy my crave
When your eyes meet mine
Something happens I can't explain

A sudden feeling of desire coming over me
This physical attraction knocks me off my feet

You seduce me
You confuse me
I'm waiting 'till you'll make your move
Don't you need me like I need you
I don't know what to do

What if it's you that I want
You that I need
Tell me what I should do
So I can finally get my hands on you

What if it's you that I want
You that I need
Tell me what I should do
So I can finally get my hands on you

What if it's you that I want
You that I need
Tell me what I should do
So I can finally get my hands on you

Your lips touched mine and the ground disappeared
From underneath my feet
I never imagined our hands would fit so perfectly

I'm feeling kind of strange
Like nothing I've ever felt before
Could I be that much in love
It makes my body soar

You seduce me you
Confuse me
I'm waiting 'till you make your move
Don't you need me
Like I need you
I don't know what to do

What if it's you that I want
You that I need
Tell me what I should do
So I can finally get my hands on you

What if it's you that I want
You that I need

Tell me what I should do
So I can finally get my hands on you

What if it's you that I want
You that I need
Tell me what I should do
So I can finally get my hands on you
