

Oh How I Love You

Jesus Culture

Father in heaven
you know my longing
you hear my every thought and prayer
I bring you my heart
and all my affection
I long to love you
To love you with all that I have
to give to you all that I am.

Oh how I love you
Bow down before you now
God I adore you
Worship before you lay my life down.

You are my refuge
the one that I run to
I find my strength in you alone
I know your with me here in this moment
teach me to love you
To love you with all that i have
to give to you all that i am.

Oh how i love you
Bow down before you now
God i adore you
Worship before you lay my life down.

I live my life for one thing
poured out as an offering
an offering of worship to lay my life down
I live my life for one thing
poured out as an offering
an offering of worship I give to you now.
