

You Are Faithful

Jesus Culture

My hearts aches for you my God
My soul waits for you my God
I've come far to find you here
In this place will I draw near

And your spirit soars me
To the highest heights
From where I'll not look back
I'll keep trusting you

For I know
You are faithful
My God

My hearts aches for you my God
My soul waits for you my God
I've come far to find you here
In this place will I draw near

And your spirit soars me
To the highest heights
From where I'll not look back, no
I'll keep trusting you

From the land of the barren
We will cry out for rain
Fill our hearts God
I'll keep trusting you

For I know
You are faithful
My God

Your spirit inside me holds me close
In your wonderful presence I let go
I cleanse my hands, You burn my heart
I cry out for love, You set me apart

And your spirit soars in me
To the highest height
From where I'll not look back, no
I'll keep trusting you

From the land of the barren
We will cry out for rain, rain God
Fill our hearts God
I'll keep trusting you
Yeah, yeah

For I know
You are faithful
My God
