## **Machine Drug**

**Jesus Jones** 

Machine drug, machine drug

All my life I've wanted things
The happiness that they might bring
But most of all I want things now
It really doesn't matter how

I can see that the world will die And I've been the blink of an eye

Machine help me put the gun against my head You'll only be no use to me When I'm dead

The turn of a thousand years

It breeds all my deepest fears

It hides in my strongest dreams

It kills all hope and strips it clean...

Machine drug, machine drug, machine

Machine help me put the gun against my head You'll only be no use to me When I'm dead

Machine drug, machine drug, machine
