

# Motion

Jesus Jones

Reason you look for are reasons you find  
For climbing a mountain, for taking a gamble,  
To leave it all behind

Motion takes me

I have to have motion, I get release in motion  
If I move I'll be fine  
I've got to hit the right speed to shake off what I don't need  
Be free from my mind

Reasons you look for are reasons you find  
I have to have motion, I get release in motion  
If I move I'll be fine
