

## Move Me

Jesus Jones

Around me, through me,  
Over me you came you went  
There was no harm spent  
Was it really worth our while?

Move me, move me  
Move me (if you can't it's not worth a damn)  
Move me, move me  
Move me (if you can't it's not worth a damn)

All the pain is ours to gain  
If it's dangerous it's good for us  
Let's lose control, let it  
Slip away

Move me, move me  
Move me (if you can't it's not worth a damn)  
Move me, move me  
Move me (if you can't it's not worth a damn)

Move me, move me  
Move me (if you can't it's not worth a damn)  
Move me, move me  
Move me (if you can't it's not worth a damn)
