

Need To Know

Jesus Jones

I need to know
What will make us happy?
And I need to know
Will you always love me?

I need to know
Where on earth is elvis?
I need to know
Why you even listen to this

'cause it's no good
Taking second best

I need to know
Where all the energy goes
And I need to know
Are there really u.f.o.s?

'cause it's no good
Taking second best
It's no good
When you put it to the test

I need to know
Will I really go to hell?
I need to know
If we only cry for ourselves

I don't need to know
Who kill laura palmer?
I need to know
What's the winning formula?

'cause it's no good
Taking second best
It's no good
When you put it to the test
