

## Stay With Me

Jesus On Extasy

I'm chasing the shadows  
I'm running out of time this time  
They say that it's hopeless anyway  
You're breathing, you're fighting  
And I can't see it in your eyes.  
I will dry the tears you hide

So stay with me  
I'd dedicate my soul  
Do anything  
Just to let you know  
How I feel  
I'm begging you to  
Stay with me

Fate's twisted  
I'm restless  
I'm hanging on this fragile string  
The candle's burning on both sides tonight  
This bed out of roses  
The thorns are cutting up my veins  
And I can't face another day

So stay with me  
I'd dedicate my soul  
Do anything  
Just to let you know  
How I feel  
I'm begging you to  
Stay with me
