

## Next To Me

Jet Black Stare

Knowing that you're out there,  
Knowing you're at home,  
and I'm here alone

Feels like forever  
forever and a day  
you feel so far away  
I know you're thinkin' it's time to let me go  
and there's just one more thing  
you need to know

Dont say were runnin' out of time  
dont say i'm never on your mind  
dont say you're givin' up on me  
and I need right now  
so I can make you see  
somehow this is meant to be  
tonight I want you next to me  
I want you next to me

I keep a picture in my pocket  
reminding me of you  
every night gets harder  
but I know we'll make it through

I know you're thinkin its time to let me go  
and there's just one more thing  
you need to know

Don't say were runnin' out of time  
don't say im never on your mind  
don't say you're givin' up on me  
and I need right now  
so I can make you see  
somehow this is meant to be  
tonight I want you next to me  
I want you next to me

Time away from you  
can't stand this (no longer)  
I did this for you  
my heart just grows stronger  
spendin' every night alone  
and i'm missin' you (you)  
if you could only see  
what you mean to me

And I say

Don't say were runnin' out of time  
don't say im never on your mind  
don't say you're givin' up on me  
and I need right now  
so I can make you see  
somehow this is meant to be  
tonight I want you next to me  
I want you next to me

Don't say were runnin out of time  
don't say im never on your mind  
don't say you're givin up on me  
and I need right now  
so I can make you see  
somehow this is meant to be  
tonight I want you next to me  
I want you next to me
