Shine On

Please don't cry You know I'm leaving here tonight Before I go I want you to know that there will always be a light

And if the moon had to runaway And all the stars didn't wanna play Don't waste the sun on a rainy day The wind will soon blow it all away yeah

So many times I'd planned To be much more than who I am And if I let you down I will follow you 'round until you understand

That if the moon had to runaway And all the stars didn't wanna play Don't waste the sun on a rainy day The wind will soon blow it all away yeah oh yeah

When the days all feel the same Don't feel the cold or wind or rain Everything will be okay We will meet again one day I will shine on, for everyone

So please don't cry Although I leave you here this night Where ever I may go how far I don't know I will always be your light

And if the moon had to runaway And all the stars didn't wanna play Don't waste the sun on a rainy day The wind will soon blow it all away yeah oh yeah

When the days all seem the same Don't feel the cold or wind or rain Everything will be okay We will meet again one day I will shine on, for everyone shine on, for everyone When the stars all look the same Don't feel the cold or wind or rain Everything will be okay We will meet again one day I will shine on, for everyone shine on, for everyone
