

## 4.W.D (Low Ratio)

Jethro Tull

Met a man just the other day ---  
said his name was Jim. Boy, won't you take a look!  
Got a car for you --- it's a real steal  
Cleaned it right down --- new brakes, clutch and here's the hook  
Yes, it's a 4.W.D. (low ratio)

Cash to Jim. I took it home  
through the deep mud. Plugged happy as a boy in sand  
Fitted wide tyres, spotlight, a winch as well  
and some brush bars up front to complete the plan  
Now it's really a 4.W.D. (low ratio)

Take you down to the edge of town  
Where the road stops, we start to hold the ground  
Well, I'm blessed! Got traction in a special way  
Hold the roll bar, slide back, feel me pull it round  
Let me show you my 4.W.D. (low ratio)
