

# Standing Still

Jewel

Cutting through the darkest night are my two headlights  
Trying to keep it clear, but I'm losing it here  
To the twilight  
There's a dead end to my left  
There's a burning bush to my right  
You aren't in sight  
You aren't in sight

Do you want me  
Like I want you?  
Or am I standing still  
Beneath the darkened sky  
Or am I standing still  
With the scenery flying by  
Or am I standing still  
Out of the corner of my eye  
Was that you  
Passing my by

Mother's on the stoop  
Boys in souped up coupes  
On this hot summer night  
Between fight and flight  
Is the blind man's sight  
And a choice that's right  
I roll the window down  
Feel like I'm  
I'm gonna drown  
In this strange town  
Feel broken down  
I feel broken down  
Do you need me  
Like I need you

Or am I standing still  
Beneath the darkened sky  
Or am I standing still  
With the scenery flying by  
Or am I standing still  
Out of the corner of my eye  
Was that you  
Passing my by

A sweet sorrow is  
The call tomorrow  
A sweet sorrow is  
The call tomorrow

Do you love me  
Like I love you?

Or am I standing still  
Beneath the darkened sky  
Or am I standing still  
With the scenery flying by  
Or am I standing still  
Out of the corner

Of my eye  
Was that you  
Passing me by?

Are you passing me by?  
Passing me by  
Do you want me?  
Passing me by

Do you need me  
Like I need you too  
And do you want me  
Like I want you?  
Passing me by

Are you passing me by  
Or am I standing still?
