

Standing Still

Jewel

Cutting through the darkest night are my two headlights
Trying to keep it clear, but I'm losing it here
To the twilight
There's a dead end to my left
There's a burning bush to my right
You aren't in sight
You aren't in sight

Do you want me
Like I want you?
Or am I standing still
Beneath the darkened sky
Or am I standing still
With the scenery flying by
Or am I standing still
Out of the corner of my eye
Was that you
Passing my by

Mother's on the stoop
Boys in souped up coupes
On this hot summer night
Between fight and flight
Is the blind man's sight
And a choice that's right
I roll the window down
Feel like I'm
I'm gonna drown
In this strange town
Feel broken down
I feel broken down
Do you need me
Like I need you

Or am I standing still
Beneath the darkened sky
Or am I standing still
With the scenery flying by
Or am I standing still
Out of the corner of my eye
Was that you
Passing my by

A sweet sorrow is
The call tomorrow
A sweet sorrow is
The call tomorrow

Do you love me
Like I love you?

Or am I standing still
Beneath the darkened sky
Or am I standing still
With the scenery flying by
Or am I standing still
Out of the corner

Of my eye
Was that you
Passing me by?

Are you passing me by?
Passing me by
Do you want me?
Passing me by

Do you need me
Like I need you too
And do you want me
Like I want you?
Passing me by

Are you passing me by
Or am I standing still?
