

# Drinking And Driving

Jhené Aiko

Man the view was so nice from here  
Dancing on the edge with you, but I am not scared with you  
Could you remind me why I am here?  
I can only feel with you, I am only real with you

So I need you to tell me  
That you love me some more  
Put your hands on my body  
As my clothes hit the floor  
I know you barely know me,  
But tonight I am yours  
Ask me what do I want  
I say whatever can cure this mess

Do whatever I'm yours  
Do whatever can cure this loneliness, yes  
Do whatever I'm yours  
Do whatever I'm sure

Anything, anything, anything, anything to feel alive  
Anything, anything, anything to feel my heart beating  
Anything, anything, anything to feel like I am still here  
Anything, anything, anything to feel like I'm still needed

Na na na na na oh yeah

I got one hand on this bottle  
One foot on the gas  
I'm searching for trouble  
I'm going too fast  
I'm running from shadows  
I'm hoping to crash  
Just to wake me up from the pain and the past

Hennessey, plenty weed, do you have anything stronger?  
I don't care, give it here  
Wanna make this high last longer  
Unafraid, unaware. Can't you see that I am dying?  
Wanna feel what is real. Anything is worth me trying

Anything, anything, anything, anything to feel alive  
Anything, anything, anything to feel my heart beating  
Anything, anything, anything to feel like I am still here  
Anything, anything, anything to feel like I'm still needed

Is there life after death  
Or should I hold my breath?  
I just don't know  
I just wanna go  
Wherever you take me, oh yeah  
And if it all comes down to this  
If it all comes down  
If it all comes down to this one night  
If it all comes down to this  
Will you be around?  
Will you be the one keeping me alive?

Anything, anything, anything, anything to feel alive  
Anything, anything, anything to feel my heart beating  
Anything, anything, anything to feel like I am still here  
Anything, anything, anything to feel like I'm still needed
