

## Lyin King

Jhené Aiko

Okay, so you just  
Go around breaking hearts just to see what is inside  
Go around stealing em, feeding em to your pride  
Did you ever stop and think that  
I might really need that  
To stay alive?  
I'm starting to believe that  
You don't really see that  
I had given you my life, oh yeah

But it's okay, I'm going to find my way  
But as for you, I don't know what to say  
If you don't learn, you'll never know a good thing  
You'll never know a good thing

You will never know, you will never know, no good  
Never know a good thing  
You will never know, you will never know, no good  
Never know a good thing  
You will never know, you will never know, no good  
You will never know  
You will never know, you will never know, no good  
You will never know

Mr. Serial Lover  
I wish your mother  
Loved you like I could've  
That way you would've known how to love a woman  
Mr. Conditional Lover  
I wish your father would've stayed  
I wish you never promised things  
That never did come true

But it's okay you're bound to find a way  
Cause it will all come back around one day  
If you don't learn you'll never know a good thing  
You'll never know a good thing

It's okay, you just don't know no better, you're better off being alone  
Hope you find comfort in all of the lies that you told  
You'll never get it, I get it, I'm here on my own  
I'll be on my own

But it's okay, I'm going to find my way  
But as for you, I cannot say the same  
If you don't learn, you'll never know a good thing  
You'll never know a good thing

[Chorus]
