

# Pretty Bird

Jhené Aiko

Yes, this is all I have left in me  
Said, she had just, self expressed  
Herself to death, now nothing's left  
Nothingness  
She finessed it  
She the best  
And I said, and I said  
Pretty bird, and I said  
Pretty bird, pretty bird, pretty bird, pretty bird  
Sounds so pretty when you cry  
Pretty bird, pretty bird, pretty bird, pretty bird  
You're so pretty, but why I never see you fly?  
Pretty bird, pretty bird, pretty bird, pretty bird  
Please don't die, please don't die  
Pretty bird, pretty bird, I know your hurtin'  
Well so am I, so am I  
Pretty bird, pretty bird, pretty bird, pretty bird  
Please don't cry, you can fly  
And there's a blinding light inside of you  
There's a blinding light inside of you  
And they can not deny you, they can not deny you  
Pretty bird, pretty bird, pretty bird  
Pretty bird, pretty bird, pretty bird, pretty bird  
Please don't die, please don't die  
Pretty bird, pretty bird, pretty bird, pretty bird  
Please don't die, please don't die  
Pretty bird, pretty bird, pretty bird, pretty bird  
Pretty bird, pretty bird  
Sounds so pretty, when you cry  
Pretty bird, pretty bird I know your hurting, well so am I  
Pretty bird, pretty bird, pretty bird  
Pretty bird, pretty bird, pretty bird  
Pretty bird, pretty bird, pretty bird  
Please don't die, please don't cry  
Pretty bird, pretty bird  
We need your life, we need your life

The city heard, the sounds of a pretty bird  
Yelling from Slauson to 53rd  
What happens if you holla and can't be heard?  
For the birds and the drama, I paint these words  
They say through the pain is how we learn  
You landed on the window of pain, simple and plain  
It's hard for you to fly in the rain  
The way love goes is not the way that it came  
Come fly, un-die, be born again  
I've seen the strongest of them be torn from men  
Ripped apart and get put back together  
Them the ones with the most beautiful feathers  
Lets, flock together, rock together, Nirvana  
A birds persona to be free and honor  
The sky, that's when you really most high  
Unafraid of the unknown and now we know why

Pretty bird, pretty bird, pretty bird
