

Promise Ring

Jhené Aiko

T.U.G. ...Jhene...one for the trucks

Sometimes I feel so unsure, thinking my baby don't love me no more

And that's when I get to trippin,

Accuse him of things that are all in my head

I don't want to feel insecure, but saying it ain't enough

Show me what's up, some kind of token of love

It don't have to cost that much

Make me blush

And slide one on my finger

If you buy me a promise ring I'll give you my everything

Yes or No boy don't you say maybe come be my baby and I'll be your girl

Promise Ring or Jacob watch that's the way to win my heart

I'm hanging on & you're making me crazy come be my baby and I'll be your girl

Lately I don't know the deal

I need something a young girl can feel

When its not what it seems to a girl like me

It's the simple things that mean more than a house on a hill

You'll bring me peace of mind, with something that shines

I feel like forever your dime

Check yes to love letter for one step better

So it feels like forever your mine baby

After my birthday, the rose withers away

After valentine, sometimes your heart ain't mine

After Christmas, when every gift is unwrapped I still need a little more than that.

Platinum, gold, or silver baby I don't really mind

Cause only love can make it shine

Let's make this official, don't you think its about time

For us to take it there be the perfect pair

Cause I wanna be by your side
