Jhené Aiko

I met him in outer space
He asked me what I was doing there
'Cause I looked out of place
I told him where I come from
I don't wanna go back
He said compared to where he's from
It can't be that bad
And he said yeah, yeah

I asked him if I could get away with him
Pack all my bags and just run away with him
Then he said

We come from two different worlds, girl
You're just an Earth girl
You can never understand the type of man I am

He told me where he comes from
That everyone has a gun they're always at war
I told him where I reside
My brother is dyin' and there is no cure
I got a baby to feed
I barely can eat
I'm chasing a dream
He told me he could relate
He's doing the same
And that's when I said

We come from two different worlds but
There's only one us
That could make things easier
And he said
You come from a different world, girl
But I think I'm yours, girl

Let's get lost tonight
And start our own world
Start our own world
Lost in our world
Start our own world

We come from two different worlds but
There's only one love
That could make things easier
