

Wrap Me Up

Jhené Aiko

Wrap Me Up, Wrap Me Up
Wrap Me all Up with your love
All that I want, fill me up, fill me all up with your love

Visions of you have been all in my head
This time last year you were here in my bed
Told me you love me and never forget
Every December you'd make sure you're here
So I Pray as soon as I wake
That we spend today up under each other
Cause there's nothing more I need
Than you here with me, no gift would be better

So won't you come
Wrap Me Up, Wrap Me Up
Wrap Me all Up with your love
All that I want fill me up, fill me all up with your love
Wrap Me Up, Wrap Me Up
Wrap Me all Up with your love
All that I want fill me up, fill me all up with your love

Mistletoe hanging right over the bed
Girl you get whatever you wanna get
Diamonds and pearls no time along
Girl what's up with you, you never want that
Trade you anything, let me unwrap you, start at your waist
Can't believe it amazed
Can't wait, you got me dreaming everyday

Wrap Me Up, Wrap Me Up
Wrap Me all Up with your love
All that I want fill me up, fill me all up with your love
Wrap Me Up, Wrap Me Up
Wrap Me all Up with your love
All that I want fill me up, fill me all up with your love

Silent night, hold me tight
In your arms all is right
Silent night, hold me tight
In your arms all is right

Wrap Me Up, Wrap Me Up
Wrap Me all Up with your love
All that I want fill me up, fill me all up with your love
Wrap Me Up, Wrap Me Up
Wrap Me all Up with your love
All that I want fill me up, fill me all up with your love
