

Firr Az That Thang

Jibbs

Firr az that thang
Firr az that thang
Firr az that thang
Firr az that thang (Firr az that thang)
Firr az that thang (You know I'm firr az that thang)
Firr az that thang
Firr az that thang

I'm the big big kid
I'm doing big thangs
Ain't what you call big headed
But I got a big brain
My lifestyle done changed
When I got a little change
Not the attitude
But gratitude to this game
You ain't seen nothing blinging
Until you've seen my chain
Cause the younging be balling
Harder than NBA
I get twist for cat's with one eye
Everyone snapping photos
Tryna get my face
Cause I'm sort of like a local
I'm on top of my game
And the way I spit on records
I'm firr as a flame
So you know I keep a chick
That's firr az that thang (Firr az that thang)
I got a iced out grill
With a iced out watch
With them Nike checks on
My shoes and socks
And my ear is like an alley
Cause it's full of rocks
I'm a key to the game
And I got it on lock

Firr az that thang (You know I'm firr az that thang)
Firr az that thang (You know she firr az that thang)
Firr az that thang (What's that thang what's that thang boy)
Firr az that thang (What's that thang what's that thang boy)
Firr az that thang (you know I'm firr az that thang)
Firr az that thang (You know she firr az that thang)
Firr az that thang (What's that thang what's that thang boy)
Firr az that thang (What's that thang what's that thang boy)
Firr az that thang

See this my year
I'm about to start a new thang
Four bottom, white gold with them iced out thangs
Make that charger sound almost like a train
Cruising to the hood on the highway
And we switching lanes
I stay fresh
I stay fly
In the best clothes

Best bowls
Wrist gets tech low
A funny guy I'm all the girls' heartthrob
Smoke never rocking square pants like sponge bob
Sick with the flow cause I'm the hottest
Get to my door
And I aint speaking when they knocking
It's just about my time to shine
So don't get your eyes wet
Cause my shine will blind (Young Jibbs)
I got everybody moving this year
Cause I own two planets the sun and moon in my ear
Half yellow half white
And it ain't no game cause your boy Jibbs is
