

Only Because You're There

Jigsaw

Only because you're there
That's why, babe
Only because you're there
That's why I care
Do the things I do
And say the things I say
Because I love you, babe
Love you, babe

Only because you're there
That's why, babe
Only because you're there
That's why I care
Stay awake at night
Can't turn off the light
Because I love you, babe
Love you, babe

Only you can bring me laughter
So give me what I'm after
Only you can dry the tears
Take my hopes
Take my fears
I love you

Only because you're there
That's why, babe
Only because you're there
That's why I care
Do the things I do
Say the things I say
Because I love you, babe
Love you, babe

Only you can bring me laughter
So give me what I'm after
Only you can dry the tears
Take my hopes
Take my fears
I love you

Only because you're there
That's why, babe
Only because you're there
That's why I care
Stay awake at night
Can't turn off the light
Because I love you, babe
Love you, babe
Love you, babe
Love you, babe
