

Le BOOM Vent Suite

Jill Scott

Boom boom boom boom boom boom boom badababoomdaboom
Boom boom boom boom
Boom boom boom
Boom boom boom
Boom

I called you on a Thursday,
I waited for your call,
You didn't respond to me, yea
And I called you on a Friday,
You didn't respond,
I've been waiting patiently, baby
Boom boom I can't wait no more,
Somebody else is sniffing at my dress, hey
Somebody is checking for a sister,
And I'm sorry you're about to get left, ooh

Boom boom boom boom boom boom boom boom
Boom boom boom boom
Boom boom boom
Boom boom boom
Boom

I mean I been waiting patiently for you honey
I can't believe that I would lower my steelo
For the call from you, but you just won't do,
'Cause you don't love me at all,
I mean, I've been holding it down,
Yea I've been holding it down
And I really don't have to,
I've been wanting you so badly,
But sadly madly, you don't want me to,
So I say

Boom boom boom boom boom-boom boom boom boom
Boom boom boom boom boom boom boom boom

I'm sorry I have to drop the bomb this way,
I mean there's a lot of things I could say,
I could tell you that I really wanted to be with you,
But you don't feel me, you can't hear me,
I, I got to make this next move.
I gotta do what a sista gotta do.
And if that hurts you, well then it hurts you.
I gotta make a move, I'm gonna do it too like

Boom boom boom boom boom boom boom boom
Boom boom boom boom boom boom boom boom
Boom
It's all boom,
I'm like boom
I'm like boom
It's like boom.
I gotta do what I gotta do, son
Grown woman, making decisions and choices
Utilizing everything inside of me,
My soul my heart my mind my voices

So maybe, in the middle of the night,
When the dreams just ain't going right
I can use a tug, a hug, a kiss,
Something strong, something fit for a Queen
Something passionate, someone with esteem,
A king that'll knock a sister down like boom

Boom,
Boom, boom
Boom
Boom, boom
Boom
Boom

You can hold me close, kiss me nice,
Talk to me, in the moonlight, you can
Take my hand, be that strong man you can,
Hold me close, make me feel so good and
Strong as steel 'cause I am,
I just need you man,
I need to get closer,
To where I was meant to be,
I need to be closer, to where
I need to be... hey

Talk to me in my ear, tell me things that I need to hear,
Don't always have to be nice, don't always have to be.
But I need the truth from you, come and give it to me soon.
'Cause I need you, I can't take all of this without loving.
I'm tired of being strong all day, ooo
I need to get to know you in a familiar way
I can handle it all but in the middle of the night
I need something right, I need you to get closer
Come a lil bit, come a lil bit closer boy
I need you to get closer too, oooo

Mmmm, can you feel the fire in me,
Ow, I need you to make it burn baby
It's all about the way you do what you do,
I'm looking for the king in you
Let me see it soon

Closer,
Closer,
Come closer to me,
I need you to get closer
