Jill Scott

I know, oh  
I know  
That look on your face  
Says you're going through some things  
And for sure  
Maybe for sure  
I'm here  
Mmm hmm here for you baby  
Yes  
Whatever it is  
Trouble is deep  
I can see by your eyes  
They're heavy to me  
Talk to me baby

I am your shelter  
You're safe from harm  
Tornado, lightening, hurricane  
Can't get by me  
Come under my love  
Feel the energy  
Let go  
Lay your burdens down (lay your burdens down)  
Lay 'em down  
Lay 'em down  
Lay your burdens down  
Lay 'em down  
Lay 'em down  
Lay your burdens down  
Can't get by me  
Come under my love  
Feel the energy  
Let go  
Lay your burdens down

Look here hol' up  
You got a lot going on  
I can see  
By the way you walk  
And how you got your shoulders on  
Baby everybody get wet  
When the rain is falling  
Can't stop now cause the wind is foreign  
It's a fact  
Of the universe  
That sometimes  
Life is pain  
And it can hurt  
But I know  
That it'll get better  
Because you've gone through worse  
Hey

Whatever it is  
Trouble is deep  
I can tell by your eyes they're heavy to me  
Oh my baby

I am mmmm

Sitting here  
Contemplating  
If we should even be  
See I'm in love with a man  
Who loves me  
For me  
He'd do anything  
Easily  
Oh his heart knows no boundaries  
But  
He needs  
Sometimes  
To write  
With a different pen  
On different paper  
He needs  
Oh  
He needs  
He needs  
Mmm hmmm  
So I'm sitting here  
Contemplating  
If we should even be  
Like him  
I, too, have needs  
Like  
Like my thought on a beat  
Hypnotic and sweet  
Like  
Part of the dream  
And I need you  
On the other side of the speaker  
To look up a little more  
And think a little deeper  
And live in your truth  
I need that too  
I need to do that too  
I need

Sitting here...  
Contemplating
