

# Shame

Jill Scott

I'm the one you really want,  
But you just can't see it!  
I tried and tried to make you understand,  
You don't believe it

It's a shame! (shame)  
You're missing all the good things, yeah!  
And it's a shame (shame)  
You can't see a damn thing! Aha!

What you're so scared of me, it hurts,  
I'm just a woman!  
Maybe I got it all together, that you think,  
Maybe I do! (do)  
'Cause oh, I'm fresh and cold (so cold)  
I can stand on my own, I'm magnificent!  
I'm a queen on a throne, I'm magnificent!  
I'm the magnificent (say what, say what)!  
I'm the magnificent (say what, say what)!  
You're standing against a wall,  
Uhuu, baby why are you frontin'?  
When you could take my hand and we could get into something!

I can find on my own a magnificent!  
I'm a queen on a throne, I'm magnificent!  
I'm the magnificent (say what, say what)!  
I'm the magnificent (say what, say what)!  
I'm your sunshine,  
And your rain my heart it doesn't shine,  
My love will lay why you can see it?  
Why you play I'm just saying!  
I'm just saying!

Hey yo, I'm the magnificent with the sensational style, yes!  
Check the head to toe, don't forget to smile bless!  
If you are small, you can try to snatch it up,  
Moving like a snail when you gonna catch it up!  
just because you're a clown, now!  
Ain't worthy of the queen, probably bow down  
Really bow out how does that sound?  
Had a chance in the past for a back down!  
I mean, way back,  
The light disappeared,  
I see through all of you when its so clear!  
And I'm so good, how you're so whack,  
How you let this go away, you gonna regret that!  
Shwaty is so And you was too late  
drive by

[Chorus]
