

Gotta Have You

Jillian Edwards

At the end of the day
All I want is you
All I want is you
And at the middle
And the start
Morning, light, and the dark
I want you
I want you
And in the back of my mind
The forefront and the side
I want you
I want you

And I
Gotta have you
Gotta have you
Gotta have you
Gotta have you

And I
Gotta have you
Gotta have you
Gotta have you
Gotta have you

Ooh Ooh Ooh

Make a map of my desires
All roads lead to you
All roads lead to you
To the left and the right
Forwards and turn around
I find you
I find you

And I
Gotta have you
Gotta have you
Gotta have you
Gotta have you

And I
Gotta have you
Gotta have you
Gotta have you
Gotta have you

Ooh Ooh Ooh

I can't find a safety like you
I can't find a thrill
That comes close to the way you move me
I never will

And I
Gotta have you
Gotta have you

Gotta have you
Gotta have you

And I
Gotta have you
Gotta have you
Gotta have you
Gotta have you

[Repeat]

Ooh Ooh Ooh
