

# Gotta Have You

Jillian Edwards

At the end of the day  
All I want is you  
All I want is you  
And at the middle  
And the start  
Morning, light, and the dark  
I want you  
I want you  
And in the back of my mind  
The forefront and the side  
I want you  
I want you

And I  
Gotta have you  
Gotta have you  
Gotta have you  
Gotta have you

And I  
Gotta have you  
Gotta have you  
Gotta have you  
Gotta have you

Ooh Ooh Ooh

Make a map of my desires  
All roads lead to you  
All roads lead to you  
To the left and the right  
Forwards and turn around  
I find you  
I find you

And I  
Gotta have you  
Gotta have you  
Gotta have you  
Gotta have you

And I  
Gotta have you  
Gotta have you  
Gotta have you  
Gotta have you

Ooh Ooh Ooh

I can't find a safety like you  
I can't find a thrill  
That comes close to the way you move me  
I never will

And I  
Gotta have you  
Gotta have you

Gotta have you  
Gotta have you

And I  
Gotta have you  
Gotta have you  
Gotta have you  
Gotta have you

[Repeat]

Ooh Ooh Ooh
