

# Sink My Feet

Jillian Edwards

I wanna sink my feet  
Down in security  
Unmoved by changing tides  
And shadows' shifting lines  
I'm tired of getting worn  
Let me wake with the morn  
Once sunk and be reborn  
And think about eternity a little more  
Then I'd see the stars  
See the sun  
And I'd see all that has been done  
And I'd  
I'd leave my fear alone  
I'd leave my fear alone  
Not asking for anything  
Just keep me by you  
And sink my feet in the stone  
Sink my feet in your storm  
Not asking for anything  
Just keep me by you  
Keep me by you  
'Cause I wonder, I get caught  
I lift and I drift off  
My forgetful mind runs all the time  
To places I don't care to find  
Cause I wander like the wind  
Here today gone tomorrow  
And back again  
I'm blinded through and through  
'Til I'm touched by you  
Then I  
I leave my fear alone  
I leave my fear alone  
Not asking for anything  
Just keep me by you  
And sink my feet in the stone  
Sink my feet in your storm  
Not asking for anything  
Just keep me by you  
Keep me by you  
If you are the sea, go on send me deep  
If you are the wind, set my sail free  
If you are the rocks, set my feet upon you  
Never let me move  
Keep me by you  
Keep me by you  
I wanna sink my feet  
Down in security  
Unmoved by changing tides  
And shadows' shifting lines  
Then I'd see the stars  
See the sun  
And I'd see all that has been done  
And I'd  
I'd leave my fear alone  
I'd leave my fear alone  
Not asking for anything

Just keep me by you  
And sink my feet in the stone  
Sink my feet in the storm  
Not asking for anything  
Just keep me by you  
Keep me by you
