

My Love Is Here

Jim Brickman

Words nothing but words
For me to show
How much my love for you
Unfolds through trouble and fears
This love feels so real, and I need you to know

Even though we're far apart
You're right beside me in my heart

Don't you know my love is here?
Don't you know my love is real?
You should know by now
This much is true
My love is here for you

Time, nothing but time
To make up your mind
I'll give you all that you need
I want you to know, I'll never let go
Till you come back to me

And even though you're far away
I am right beside you day by day

Don't you know my love is here?
Don't you know my love is real?
You should know by now
This much is true
My love is here for you

And even though we're far apart
You're right beside me in my heart

Don't you know my love is here?
Don't you know my love is real for you?
You should know by now
This much is true
My love is here for you
