## My Love Is Here

**Jim Brickman** 

Words nothing but words For me to show How much my love for you Unfolds through trouble and fears This love feels so real, and I need you to know

Even though we're far apart You're right beside me in my heart

Don't you know my love is here? Don't you know my love is real? You should know by now This much is true My love is here for you

Time, nothing but time To make up your mind I'll give you all that you need I want you to know, I'll never let go Till you come back to me

And even though you're far away I am right beside you day by day

Don't you know my love is here? Don't you know my love is real? You should know by now This much is true My love is here for you

And even though we're far apart You're right beside me in my heart

Don't you know my love is here? Don't you know my love is real for you? You should know by now This much is true My love is here for you
