

# Everybody Cries

Jim Cuddy

Close your eyes my dear  
there's no need to wake.  
We all get tired from the  
chances that we  
I wish that I could take away  
the tears from your eyes it's just that  
sometimes everybody cries.

Outside the walls around us  
you must be strong  
and when you you're walking  
all alone  
just remember I'll be there  
to greet you when you rise it's okay  
sometimes everybody cries.

I've seen you watching people  
walking through this world  
seen what they do to try and make it through each day.  
Don't be alarmed there's something  
out there waiting just for you someday.  
(repeat)

Let the stars fall down  
over your head  
and don't you worry bout  
the things you said  
just you drift away into  
the world behind your eyes it's okay  
sometimes everybody cries  
sometimes everybody cries
