

Love

Jim Ed Brown

Somewhere in this world there must be love for me love love
Someway somehow I will find love searching right now and I'll n
ever give it up
Till I can put thing I'm looking for oh yes love love
Where is love it's where you find it but that's a hard place to
find
I've searched hard and I'll keep searching till I have love to
ease my mind
Then my life will live when I find love so real love love
Someway somehow I will find love searching right now and I'll n
ever give it up
Somewhere in this world there must be love for me love love lov
