

Why Can't I Take You Home

Jim Ed Brown

I can see that want me look that's gleaming in your eyes
And the certain way you touch me makes me feel so warm inside
And when you hold me close oh Lord I feel desire so strong
If I've got what it takes why can't I take you home
Just hold me and help me hide this loneliness
The time we share together can fill the emptiness
If it's just for tonight and tomorrow finds me gone
If I've got what it takes why can't I take you home

Just take me and make me the kind of love you need
For I'm not ashamed of the wanting in me
If it's just for tonight...
If I've got what it takes why can't I take you home
