Catch 'em at the party call 'em bar hoppers (I see em)
We live up in the sky you call 'em star watchers
They chase dope boys trap stars with fast cars (ya benz)
And executives rap stars with black cars (imported)
So we could swipe it charge it to the game
Trips to M.I.A. Murcielago in the lane

She's got a thing for slippin clique & goin clubbin at nights
Ain't nothin Like the love of my life
She likes the finer things & fuck with niggaz whose money is right
Ain't nothin Like the love of my life
She love the dick suck it till it cum
She say I'm the best fuck of her life
She give a nigga the energy he need whenever he feels nothin is right

Now we in M.I. (sai pa say) party till the noon (ballin)

Got her in the telly she wouldn't let a nigga pop (stuntin on the cooch)
And when I woke all I seen was a note (what it said)
Nigga follow the trail & meet me in A-T-L (let's do it)

Now we pull up in the a (atl) shoppin in lenox mall (ballin)
