

# Blue Christmas

Jim Reeves

You'll be doin' all right with your Christmas of white  
But I'll have a blue, blue Christmas

I'll have a blue Christmas without you  
I'll be so blue just thinking about you  
Decorations of red on a green Christmas tree  
Won't be the same dear, if you're not here with me

And when those blue snowflakes start fallin'  
That's when those blue heartaches start callin'  
You'll be doin' all right with you Christmas of white  
But I'll have a blue, blue Christmas

And when those blue snowflakes start fallin'  
That's when those blue heartaches start callin'  
You'll be doin' all right with you Christmas of white  
But I'll have a blue, blue Christmas
