I love you more, love you more Love you more, love you more

I love you more
Than every wave that breaks upon
Some far and distant
Lonely island shore

I love you more
Than every drop of rain that falls
With every drop that falls
I love you more

At night I watch the moon on high And count the stars up in the sky For every star that shines tonight My love for you is just as bright

I love you more
Forever I'll be true to you
I know, you'll always love me true
Forever more
(Ever more)

At night I watch the moon on high And count the stars up in the sky For every star that shines tonight My love for you is just as bright

I love you more
Forever I'll be true to you
I know, you'll always love me true
Forever more
(Ever more)
