

# I'm Getting Better

Jim Reeves

I walked by the river  
Where we said goodbye  
Thought of your kisses  
And didn't even cry

I'm getting better  
(Getting better)  
I'm getting better  
(Getting better)

I talked with an old friend  
He asked about you  
I managed to tell him  
With just a tear or two

I'm getting better  
(Getting better)  
I'm getting better  
(Getting better)

I know I'll never be the same  
I was standing too close to the flame  
But it doesn't hurt so much  
To hear your name

I think I'll make it  
I'm getting better  
(Getting better)
