

If You Love Me Don't Leave Me

Jim Reeves

If you love me don't leave me
If you leave me I'll cry
Tell me you love another
But tell me you'll try.

You ask my heart questions
The answer is believe
I could never forget you
If you love me don't leave.

Can't you see that I need you
Oh, how I wish you would stay
Need you now and forever
Just like yesterday.

If I had the power
To go back through the years
Then the break in your heart, love
Can dry all your tears.

May God bear me witness
I'll love you, I do
Just give me a chance love
I'll prove it to you.

Like roses need rain drops
Like daisy's need dew
Like a babe needs it's mother
That's how I need you...
