

Let Me Remember (Things I Can't Forget)

Jim Reeves

Leave me, forget me
But please darlin', let me
Remember the things I can forget.

Like the moonlight, the stars bright
The love light, and your eyes bright
The things I can never forget.

Let me remember, December
The love you have shown
And forget all the heartaches
And heartbreak I've known.

All you huggin', all you kissin'
Are the things I am missin'
And things I can't forget.

Now leave me, forget me
But please darlin', let me
Remember the things I can forget.

Like the moonlight, the stars bright
The love light, and your eyes bright
Are things I can never forget.

Let me remember, December
The love you have shown
And forget all the heartaches
And heartbreak I've known.

All you huggin', all you kissin'
Are the things I am missin'
And things I can't forget.
