

# Love Me a Little Bit More

Jim Reeves

Tease me a little bit, squeeze me a little bit.  
Love me a little bit more  
Love me a little bit, can't get enough of it,  
Tell me I'm the one you adore.

I'm in a pettin' mood, you've got me hooked for good  
I'm yours and that's for sure  
Squeeze me a little bit, tease me a little bit,  
Love me a little bit more.

Mommy warned me  
I'd meet girls who'd make me feel like this  
But she never mentioned these  
Crazy flip-flops my heart does when we kiss.

Oh, what a shape I'm in, you've got me in a spin  
Never felt this way before  
You make a livin', seem just like a pretty dream  
Love me a little bit more.

Love me a little bit, kiss me and never quit,  
You know I want it that way  
I dream of a honeymoon, it can't be too soon,  
Just can't wait for the day.

I want to share your life, want you to be my wife  
A feeling I can't ignore  
Crazy 'bout your charms, want you in my arms  
Love me a little bit more.

The first day when you smiled at me  
You had me on your string  
You got me building my dreams  
Around the month of June and a wedding ring.

Love me a little bit, can't get enough of it,  
I'm standing at your door  
Love me all the time, say you'll be only mine  
Love me a little bit more.

Mommy warned me  
I'd meet girls who'd make me feel like this  
But she never mentioned these  
Crazy flip-flops my heart does when we kiss.

Oh, what a shape I'm in, you've got me in a spin  
Never felt this way before  
You make a livin', seem just like a pretty dream  
Love me a little bit more...
