

Pickin' A Chicken

Jim Reeves

Come to the barbeque and sit by my side
We couldn't chose a better night if we tried
Can't you imagine what a thrill it will be
Pickin' a chicken with me.

It's so romantic the moon up above
Is such a fright on a night such as this
Pullin' a wish bone with someone you love
Is almost certain to end with a kiss.

So come to the barbeque my darlin', my dear
I'm so in love with you and when you are near
I get a feelin' that forever you'll be
Pickin' a chicken with me.

Pickin' a chicken with me.

Pickin' a chicken with me
Pickin' a chicken with me...
