

## Pickin' A Chicken

Jim Reeves

Come to the barbeque and sit by my side  
We couldn't chose a better night if we tried  
Can't you imagine what a thrill it will be  
Pickin' a chicken with me.

It's so romantic the moon up above  
Is such a fright on a night such as this  
Pullin' a wish bone with someone you love  
Is almost certain to end with a kiss.

So come to the barbeque my darlin', my dear  
I'm so in love with you and when you are near  
I get a feelin' that forever you'll be  
Pickin' a chicken with me.

Pickin' a chicken with me  
Pickin' a chicken with me...
