## There's a Heartache Following Me

## Sometimes they ask me If I'm really happy now I say, sure I never loved her anyhow But inside I long for you And the way it used to be I look around and there's a Heartache followin' me.

I always say that I'm really glad you're gone I even act like I never cared at all But your memory lingers on And I'm never really free I look around and there's a Heartache followin' me.

I pawned my ring and everything That tied me to the past I say I never loved her Never meant for it to last But I know it's just a game And the loser's always me I look around and there's a Heartache followin' me...
