

Where Do I Go to Throw a Picture Away

Jim Reeves

I'm kissin' your picture, goodbye
And I hate to treat it this way
But you said to forget all that reminds me of you
So I must throw your picture away
I must throw your picture away

How can I just cast aside
A love that's in my heart to stay
Where do I go to throw a picture away?
Where do I go to throw a picture away?

I know I won't forget all that reminds me of you
When I can look at your picture each day
It's a paper impression a most prized possession
Where do I go to throw a picture away?
Where do I go to throw a picture away?

How can I just cast aside
A love that's in my heart to stay
Where do I go to throw a picture away?
Where do I go to throw a picture away?
