

Something

Jim Sturgess

Something in the way she moves
Attracts me like no other lover
Something in the way she woos me
I don't want to leave her now
You know I believe her how

Something in the way she smiles
And I don't need no other lover
Something in her style that shows me
I don't want to leave her now
You know I believe her how

You're asking me, will my love grow?
I don't know, I don't know
You stick around now it may show
I don't know, I don't know

Something in the way she moves
And all I have to do is think of her
Something in the things she shows me
I don't want to leave her now
You know I believe her how

You're asking me, will my love grow?
I don't know, I don't know
You stick around now it may show
I don't know, I don't know

Something in the way she moves
Something in the way she knows
Something in the way she smiles
Something in the way she moves

Something in the way she smiles
Something
