

State of Grace

Jim White

It's not my sun, yes
So if it ain't shining when I wake up tomorrow
Tomorrow on in!
That would be alright with me
That would be alright
Alright with me, hey, hey

This old shoes, yes
They might be walking
Down on some highway
Cause my car has broke down again!
That would be alright with me
That would be alright, alright wit me, me

Cause I got lost somewhere in Mississippi
I felt down on my...
I hear bottom heart up there in...
Rising up the state I found
Was a state of grace.. out of me

Right now one dusty day in Texas
But that storm blowing minds and... away
All them years rolling nowhere and nowhere ...
Cause you can't touch your heart to rib on the...
The words you're saying now imprison you...
So lies a testament and that is true!

We all got lost somewhere in Mississippi
I felt down on my...
I hear bottom heart up there in...
Rising up the state I found
Was a state of grace.. out of me

Right now one dusty day in Texas
But that storm blowing minds and... away
All them years rolling nowhere and nowhere ...
Now I ain't saying, I'm the tribulation
I ain't playing tricks with no slick, but that's the...
All I'm saying is the way you look up...
It damn sure modifies the picture that you see
Oh yes, my friends it modifies the picture that you see
All I'm saying it modifies the picture that you see!

We all got lost somewhere in Mississippi
I felt down on my...
I hear bottom heart up there in...
Rising up the state I found
Was a state of grace.. out of me
