

# Ain't No Telling

Jimi Hendrix

Well, there ain't no,  
Ain't no  
Ain't no telling, baby  
When you will see me again, but I pray  
It will be tomorrow.

Well, the sunrise  
Sunrise  
Is burning my eyes, baby  
I must leave now, but I really hope  
To see you tomorrow

Well my house is, oh, such a sad mile away,  
The feeling there always hangs up my day  
Oh, Cleopatra, She's driving me insane,  
She's trying to put my body in her brain.  
So just kiss me goodbye, just to ease the pain.  
Ain't no  
Ain't no  
Ain't no telling baby  
Ain't no telling babe  
Ain't no telling baby when you're gonna see me, but I really hope  
It will be tomorrow  
You know what I'm talking 'bout.  
Ain't no telling  
Sorry, but I must leave now
