

## Where Is Love Now

Jimmie Dale Gilmore

If I can wait here for you  
Without hope or knowing what to do  
And watch the light fade away  
Without fear or knowing what to say

Cry the tears from my eyes  
Leave me here long enough to realize

Where is love now?  
Where is love now?  
Out here in the dark

If I can hold all my dreams  
Through the night of the way life sometimes seems  
If I can't see where to go  
I'll stay lost in silence 'til I know

Cry the tears from my eyes  
Leave me here long enough to realize

Where is love now?  
Where is love now?  
Out here in the dark

Where is love now?  
Where is love now?  
Out here in the dark
