

# Blue Hotel

Jimmy Barnes

Some paradise that draws me on  
As far as I can go  
Some act of god gone crazy now  
For all the love in the world

Like a traveler I've come  
I am just a child waitin' on the bus  
Find the two of us inside the blue hotel  
Where I paid my respects  
And I never went to sleep all night

A lost wilderness that haunts me  
Where I can't find my breath  
Some sacrifice is needed before I can go on  
Down the corridors I walk  
I'm searching for the right number on the door  
It's just another night inside the blue hotel  
Where I paid my respects  
And we both stayed out of sight  
And I never went to sleep all night

Some paradise that holds me  
I sealed it with a kiss  
Some sacrifice is needed before I can go on  
Before I can go on

And I paid my respects  
We both stayed out of sight  
I left a note by the bed  
These are the words that I write  
Some sacrifice is needed
