

# Gonna Take Some Time

Jimmy Barnes

I can't make you trust in me  
The way that I want you to  
I can't change the way that I've been  
Even if I wanted to  
And the life that I was given  
It's taken me down many roads  
And I've seen some things that you've never seen  
And you'll never know  
There may be thing that you will never understand

And I know it's gonna take some time  
But you know that I'll be standing by  
And I know you want to run away  
Is it's easier that way  
I said I know it's gonna take some time  
But you know I put it on the line  
And I'm never gonna run away  
Even if it's easier that way

If I can make you trust in me  
The way that I need you to  
Then I could give you everything  
Given up the way you should do

'Cause there's things about you too  
That I've never dealt with before

But those things are you  
And I'd never ask you to change a thing  
You know I love you baby just the way you are

And I know it's gonna take some time  
But you know that I'll be standing by  
And I know you want to run away  
Is it's easier that way  
I said I know it's gonna take some time  
But you know I put it on the line  
And I'm never gonna run away  
Even if it's easier that way

If only you could see that I've opened my heart  
For the first time baby  
If only you could understand  
I tried to make you see that it's only you  
And it's work for me baby  
I know that you can understand
