

# Higher

Jimmy Barnes

All the hours on a modern day  
My feet have taken flight  
The dreams you had of another way  
Have faded out of sight  
Running naked from a woman sir  
Trying to hide from life  
But it's alright ok

I see the veins of a shaken hand  
That's holding up that bag  
It casts a shadow of a broken man  
From the way that life is sad  
There's nothing that can ease the pain  
Dedication to the flag  
And it's alright it's ok

Take me higher now  
'Cause I know there's a better way  
To make it though this life  
Take me higher now  
Give me something to ease the pain  
I want to make it right this time

He's the one with the simple life  
Never try's to take a stand  
He's outstanding with an open heart  
Never fights for what he can

In a world of give and take  
He's given more than many man  
But it's alright ok

Take me higher now  
'Cause I know there's a better way  
To make it though this life  
Take me higher now  
Give me something to ease the pain  
I want to make it right this time

And see how far above amongst the clouds  
And dreams of seeing your shinning light  
In front of me

Take me higher now  
'Cause I know there's a better way  
To make it though this life  
Take me higher now  
Give me something to ease the pain  
I want to make it right this time  
Take me higher now  
'cause I know there's a better way  
To make it though this life  
Take me higher now  
Give me something to ease the pain  
I want to make it right this time  
Take me higher now  
'Cause I know there's a better way

To make it though this life  
Take me higher now  
Give me something...
